## CRACK HORSES FROM THE NORTH

Mr. Hyde Writes Mr. Warthen of Many Good Entries.

### FINE VIRGINIA ANIMALS

Mr. David Dunlop Will Have a Great String—Other Notable Entries.

The Horse Show sale for seats is on "the boom."

Mr. W. O. Warthen stated yesterday that his life has been made one perpetual excuse because of the many applications for boxes that he is unable to supply.

In a letter received from Mr. James T. Hyde, manager, who is still in New York, he says that the outlook for northern exhibits is far beyond his expectations.

Amongst the large stables that will show will be that of Mr. David Dunlop, of King George county.

Mr. Dunlop will probably have twenty horses in his string, many of them being champion winners. His prizes, "Delight" and "Moving Picture," are in the top rank and should give a good account of themselves in the harness classes.

"Watch Me" and "See Me Go," his crack harness pair, are good enough for any company; and will make the others "step" for the ribbons.

Dr. Shirley Carter, of Warrenton, will not show his excellent park hack, "Rap-tan-nock," as he will judge the park classes. Mr. H. C. Beattie, M. F. H., of Deep Run Hunt, will show his two hunters, "Deep Run" and "Carnation," and Captain Willard will show "Three Spot," and perhaps Alan Bright. It is supposed that Mr. E. A. Saunders will have numerous entries in the roadster classes as he made a clean sweep of these events last season.

### PROPERTY ASSESSMENTS.

Corporation Commission Listens to Transportation Companies.

The State Corporation Commission is being kept busy hearing the views of representatives of such transportation companies as may have objections to offer to the commission's assessments of their properties for taxation for the year ending June 30, 1906. These hearings began on the 19th, and will be continued from day to day, until all complainants have been heard. On the 19th, the representatives of steamboat, electric lines and express companies had an hearing.

Those who appeared before the commission yesterday were N. K. King, vice-president, and George M. Glazier, general auditor of the Norfolk and Southern Railway; G. R. Hutchinson, general manager of the Washington, Arlington and Falls Church Railway, and A. B. Guigon, of the Virginia Passenger and Power Company. Mr. McIlwaine, city attorney of Norfolk, also appeared before the commission, offering and arguing a petition looking to the advisability of raising the assessment on the railway and other property of electric lines in Norfolk. His contention was that under recent assessments of all other property in Norfolk by the State assessors, was greatly increased and that unless a material increase is made by the commission on public service companies, the companies will not be hearing a fair proportion of a tax load. Today the commission will give hearings to representatives of telephone and telegraph companies, and also of canal companies and this will probably close the hearings.

### MANY CHARTERS GRANTED

State Corporation Commission Kept Quite Busy Yesterday.

Yesterday the State Corporation Commission granted a number of charters that are of general interest as follows: Richmond Pottery Corporation. Principal office, Richmond. Incorporators: Jonathan Bryan, president; W. R. Williams, vice-president; J. C. Miller, secretary and director, all of Richmond; Frank Jay Gould, director, New York. Capital stock, \$100,000; minimum, \$20,000. Objects and purposes: To manufacture and deal in iron, steel, metals of every description; ores, wood and other materials.

Prince Edward-Lunenburg County Bank (Inc.). Principal office, Meherlin. Incorporators: W. H. Bailey, president; J. C. Miller, vice-president; J. C. Miller, cashier, all of Richmond. Capital stock, \$100,000; minimum, \$20,000. Objects and purposes: To conduct a regular banking and exchange business. Other charters were granted as follows:

## HUSTINGS COURT HAD ITS BUSY DAY

Business, However, Was Formal, and There Were No Startling Developments.

### CASES SET FOR TRIAL

Court Names October Ninth—The "Grand Jury Takes Rest Until Monday.

In the Hustings Court yesterday morning Judge With, after hearing what the lawyers had to say on the subject set the week beginning October 19th as the time for the trial of the men indicted for violation of the election laws, which violations are alleged to have reached development in the recent city Democratic primary election.

Most of the indicted men were represented by counsel and none found difficulty in giving bail for their appearance at the appointed time that is, none who applied for bail. Culbertson who still languishes in jail, was not represented by counsel and made no application for bail. He will have counsel all right when his case is called, but the probability is that there will be no application for bail. When these election cases were called nearly all of the defendants answered and some asked for a quick trial. Mr. A. B. Williams did not answer but a telegram from him dated New York, announced that he had been detained and would be here to-day.

Goldstein, Scryer, Beveridge, Krug, Manning and all the others except Culbertson were on hand and gave bail. The grand jury completed the work of investigating minor cases and at the request of the foreman were adjourned over to Monday next, at which time they will take up the work of investigating the alleged election frauds.

### Begins Trial To-day.

The petit jury was called and adjourned over to to-day, when the trials of various and sundry cases of the usual kind will begin. The docket was called and dates for the trial of a large number of cases were agreed upon.

Among the cases that were dated for trial were four murder indictments, as follows:

John Hunter Herring, indicted for the murder of Charles Aiken on a street car on the western part of the city last month, will be tried October 23.

William Bland, the negro indicted for the murder of Major Fontaine, a negro, will be called for trial October 4.

Thomas Entzmyer, the Richmond hotel cook who killed William Herndon, another cook, in a difficulty which occurred at the kitchen of the hotel, will be put on trial October 24.

Prunette Mitchell, colored, indicted for the murder of Anderson Johnson, also colored, is to be called for trial October 30.

Indictments were returned by the grand jury at 1:30 P. M. as follows: Dudley Young, malicious wounding; Joseph Morton, burglary; Harrison Minson, house-breaking; George Fauntleroy, malicious wounding; Elijah Gray, robbery; Ernest Brown, malicious wounding; William Jones, alias John Taylor, housebreaking; Henrietta Wade, malicious wounding; James Council, housebreaking; Benjamin Wade, malicious wounding; Tammie Hopkins, malicious wounding; J. V. Blackwell, horse-stealing; Mary Hunt, malicious wounding; Eddie Jones, malicious wounding.

### UNPAID LICENSE TAX.

Grand Jury Will Have Some Business Along This Line.

The probability is that the present grand jury will have some business on its hands that will startle a lot of people, people who are subject to license tax, and who are careless about it.

The law requires the commissioner of the revenue to list all persons subject to State license tax for the same, and this license tax is due and payable on the first day of May of each year. If persons subject to such tax fail to take out the necessary license by the date named, they are subject to penalty, and if they fail up to July 1st, the commissioner is required by law to report the fact of such failure to the court, and the grand jury is expected to attend to the balance of the business.

It is this simply means a considerable amount of trouble and a right lively little bill of costs for the derelict license tax payer.

Commissioner Hawkins has made up his report for the court, and the same will be laid before the grand jury on the 26th instant. The list is a rather long one, and there will be no doubt a considerable rattling of dry bones before the day set for the final adjournment of the court.

### IN HANDS OF RECEIVER.

Local Insurance Company Was Unable to Meet Obligations.

In the Law and Equity Court yesterday Judge Ingram entered a decree placing the Jefferson Fire and Marine Insurance Company in the hands of a receiver. Roscoe C. Nelson was appointed receiver. The suit for the appointment of a receiver was brought by the Arkansas Democrat Company and was practically not opposed by the defendant company. The complainant is a publishing company of Little Rock, Ark., which holds a policy against the insurance company and claims an unpaid fire loss of \$1,250. The defendant company admitted its insolvency and united in the request for the appointment of a receiver. The Jefferson Fire and Marine Insurance Company was granted a charter by the State Corporation Commission in March, 1904. William S. Bennett, of Richmond, is the president. The authorized maximum capital was \$100,000. The company did not prosper. When the Arkansas Democrat Company suffered a loss by fire last July and put in a claim for \$1,250, the company was unable to make good. Suit was instituted and judgment for the full amount awarded.

### MUSN'T EAT BARK.

Police Will Report Any One Whose Horse Chews Shade.

Although Mr. George B. Sudworth, of Washington, has not yet made his formal report regarding the condition of the trees of Richmond, and his plan for improving them, his visit has not been without good results. One of the most horrible examples of

### ALL DRUGGISTS.

The treatment of the city trees was a topic of much interest. The beautiful row of willow oaks have been greatly damaged by horses. The bark has been eaten away and in many instances, the trees have been practically ruined.

Mayor McCarthy and Mr. Eugene C. Meade have taken the matter in hand and Chief of Police Warner has instructed his men to report any person who ties a horse to any tree in the streets of Richmond.

On yesterday three persons were fined on this account and the police are vigilantly looking out for new offenders. The willow oaks on Bank Street have been painted with tar in order that their wounds may be healed. The same treatment has been administered to the wounded trees in the Capitol Square.

### AT THE HOTELS.

Some of the Guests Who Are Registered in the City.

Following are among the guests who are registered at the hotels:

Murphy's—J. P. Neer, Baltimore; C. D. Osborn, Oxford, N. C.; A. B. Figh, Norfolk; Morris Moore, Danville; T. S. Zirkle, Staunton; L. C. Ives, Jr., Hickory, Va.; J. D. Watt, Redville, N. C.; J. B. ### BOAT CLUB MEETING.

Matters of Much Importance Will Come Up To-morrow.

There will be a general meeting of the members of the Virginia Boat Club at the boat house on Mayo's Island to-morrow afternoon at 4 o'clock. Various plans for next season will be discussed, and arrangements perfected for securing a trailer for 1906.

The membership has grown to such an extent that the present boat house will be too small to house the number of new men who will come in as soon as the membership limit is raised. Some of the more enthusiastic members are anxious to have the present house enlarged, or a new one built, and the question will probably come up at this meeting. Refreshments will be served after the business is disposed of.

### Colonel Catlett Here.

Colonel Robert Catlett, of Rockbridge, is in the city; the guest of his brother-in-law, Hon. D. Q. Eggleston. Mr. S. T. Montague, who was the "straight-out" candidate for State senator in the district of Norfolk and Portsmouth in the recent primary, is in the city and is registered at Campbell's Hotel.

### Damage Case Up To-day.

In the Law and Equity Court to-day at 11 o'clock the case of Arthur Hayes against the Virginia Passenger and Power Company will be called and the trial begun. Mr. Hayes, while going in a carriage to a funeral on the 15th day of October last, was run into at the corner of Chest and Fourth Streets and more or less seriously hurt. His suit for \$2,000 damages.

### Police Board Adopts Helmet.

At a meeting of this Police Board, held yesterday evening bids for furnishing the policemen their winter helmets, the contract was awarded Messrs. O. H. Berry and Company, of this city.

A great number of samples and bids were considered.

## A RICHMOND MAN INJURED IN WRECK

Chesapeake and Ohio Train Leaves the Track in West Virginia.

### PLOWED INTO A HILLSIDE

Tons of Earth, Dislodged, Fall and Bury Two Men for a Time.

(Special to The Times-Dispatch.)

CHARLESTON, KANAWHA COUNTY, W. Va., September 21.—Chesapeake and Ohio local passenger train No. 85, west bound, from Hinton to Charleston, was wrecked seven miles east of this city at Carlin at 11 A. M. to-day, the engine and all but the rear coach leaving the track. One man was killed and six injured.

The dead:

O. H. HOPKINS, of Hinton, express messenger.

Injured:

NOAH SMITH, truck worker, Richmond, Va., right shoulder and left knee badly injured.

WAT SCALLES, truck worker, aged thirty-eight, Madison, Va.; left hip and left injured and horrible scalp wound on right side of head; badly injured.

WILLIAM SMOTHERMAN, truck worker, Salisbury, N. C.; left rib broken, lower side badly mashed, back wrenched; badly injured.

ALEXANDER THAXTON, baggage-man, Huntington; struck on chin by flying rock; not seriously injured.

GEORGE BROWN, colored passenger, Charleston; foot slightly sprained.

JOHN L. HOWERY, special Chesapeake and Ohio officer; hip slightly injured.

The three truck workers injured were part of a force of workmen doing grading at the point where the train left the track, and were en route to get out of the way of the locomotive, which ploughed its way into the hillside, dislodging tons of earth and rock, which completely covered two of the men, literally burying them alive for a time. The engineer and fireman saved themselves by jumping.

It is considered almost a miracle that the passengers, numbering over a hundred, were not injured, with the exception of the two named.

The name of Noah Smith, one of the injured, who is said to be from Richmond, does not appear in the city directory.

### KEEPER OF RIVERSIDE.

Portion Recommended By Committee—Petition Not Granted.

The Council Joint Committee on Grounds and Buildings received a petition from the ladies of St. Peter's Cathedral, asking for the use of the armory in which to hold a bazaar from October 2d to 14th. The committee declined to grant the petition, because, under the rules for the government of the armory, it will be saved to the use of the military during the time named. A letter from Colonel George Wayne Anderson on the subject pointed out the necessity for such action.

The sub-committee on halls was authorized to contract at once for the overhauling and proper repairing of the hall apparatus of the regimental armory and have the work done. The money to pay for this work is to be taken from the Reservoir Park fund by a transfer to the armory fund.

The sub-committee was further authorized to make numerous small expenditures for lights and repairs to lighting apparatus in various city buildings.

Mr. Davis introduced a resolution recommending that the Council pass an ordinance creating "the office of auditor of the city," to be a salary of \$75 per month. The resolution was adopted.

Mr. Davis Bottom, a late member of the Council and of this committee, and who recently resigned to accept the office of State public printer, was in attendance upon the meeting by invitation to furnish some pointers concerning matters with which he was familiar. At the close of business Mr. Washer made reference to a resolution passed at the last meeting of the committee expressive of the regret of the members at losing the services of the retiring member. Mr. Bottom was called to his feet, and in an admirable little speech referred to his three years' service in the Council and the many pleasant associations formed.

### GENERAL COURT-MARTIAL

One Has Been Ordered By Governor Montague for Oct. 2d.

Governor Montague has ordered a general court-martial to be held at the Seventieth Regiment Armory, on October 2d, for the trial of one of the privates of Company H (Captain Baptist's company), who is charged with conduct unbecoming a soldier. The court may also hear other cases that are properly brought before it, if there be any. The charges against the soldier are not regarded as a very serious one, and will not consume a great deal of time. The Governor has named the following members of the court: Captain A. W. Miller, Captain E. W. Bowles and Lieutenant R. E. Norvell. Captain George N. Skipwith is judge-advocate of the court, and will in this capacity prosecute the cases that may come up for trial.

### LAND CONDEMNATION.

Deputy Sheriff of Henrico Will Serve Notice To-day.

Deputy Sheriff N. J. Ferriter, of Henrico, will serve to-day condemnation proceedings for the Chesapeake and Tidewater Railroad against Charles W. Childrey, A. Arens, George Arens and Grace Arens, owners of the Ginter estate; Minnie E. Young, Garland H. Harris, R. C. Gibbs and four negroes—Parker Jackson, Henry Anderson, Alice Anderson and Walter Fields.

These are the persons who have not sold the right of way claimed by the new company; hence the proceedings. The commissioners' assessments will go to the different places later and make assessment of the property.

### The Baptist Council.

The regular annual meeting of the Baptist Council of Richmond and Manchester will be held at the Baptist Neighborhood House (the old Bluff House) at 8:15 o'clock to-night. There will be a election of officers for the ensuing year.

## Gans-Rady Company.

WE CATER to the particular men, those who have a thorough knowledge of how a garment ought to be cut and how it ought to hang. Commonplace clothing finds no room in our establishment. A Gans-Rady label in a suit or top coat means that it is the equal of the best "to order" kind.

## Gans-Rady Company

and other important business will come up.

The work of the council for the past year will be brought under review and plans for the future will be discussed. A full attendance of the delegates of the two cities is expected at the meeting.

### WAS THE WHOLE SHOW.

Frank Dethon Makes Hit As the Office Boy—Jeffersons To-night.

A creditable production of the recent comedy "The Office Boy" was given at the Academy last night by Frank Dethon and a bevy of singing and dancing girls of no unusual beauty. Dethon in the little role succeeded in keeping his audience in continuous laughter, and his assistance needed to be given him by the support of his fellow players. Miss Katherine Nelson, a graceful little woman as Claire De Lune, quickly made friends with the audience, and was cordially received. The costumes were new and attractive, and the scenery in the second act very pretty.

### The Rivals To-night.

Following in the footsteps of their father, the well-beloved Joseph Jefferson, William W. and Joseph Jefferson are presenting for their fourth year a successful year of starring Richard Brinsley Sheridan's delicious comedy, "The Rivals." The former is the Sir Lucius O'Trigger, while the latter is valiant Bob Acres, and are supported by the all-star cast which have been employed by the late Mr. Jefferson for many years. This attraction will be at the Academy to-morrow night.

The counting and scenic investiture as spoken of as absolutely correct, and the minutest detail is carefully attended to in the present day. Little reason is there, therefore, that such a play as "The Rivals" should not live and prosper, and others are equally deserving of the same.

"The Rivals" is built upon the solid substratum of patriotism, valor, heroism, love and adventure, all so blended in the play that it is impossible to see it as a dramatic classic. For eighty-five years it has been constantly played, and judging from the many demands made for its presentation, the demand for it is rather on the increase instead of decreasing with age.

Louis James, who is an acknowledged peer in the delineation of Roman character, will be seen as Virginius at the Academy to-morrow night and as Insignia at the matinee.

### Have a Great Rally.

On Sunday morning the Second Baptist Sunday school will have one of those enjoyable occasions which always mark the beginning of their fall season. Almost the entire programme will consist of music of the attractive kind. There will be vocal solos and duets, a violin solo and others of a similar character. The usual exercises will be dispensed with, and the events have been so arranged that every one will find them interesting.

The school opens promptly at 9:30 A. M. Every one interested is cordially invited to attend.

### Looking to Consolidation.

Committees appointed by the Councils of the cities of Richmond and Manchester are considering the question of the consolidation of the two cities. The committees have been held by members of the two committees, and a joint meeting has now been arranged to take place in Room 10 of the City Hall, next Thursday night, September 23d. At this meeting it is expected the consolidation scheme will take on tangible shape.

### Losses Eye By Gravel.

Newton Massey, son of Rev. J. M. Massey, was yesterday morning laid up in the Police Court for carrying a gravel shooter. Newton Massey, a young man, was shot in the eye, and the latter has lost his sight in the member.

### Repairing Old Model.

State Librarian J. P. Kennedy has had the old model of the State Capitol repaired. The model is the one brought from France by Thomas Jefferson, and from which the original State Capitol was built. It will be kept on exhibition in the Library as a relic.

### Marriage Licenses.

The clerk of the Hustings Court yesterday issued marriage licenses to Charles M. Andrews and Annie Watkins, and to Ben Morris and Clara Griffith.
